Mail Moment®

Cover Story

Mailbox Improvement Week, May 19–25, 2024

Each year, the Postal Service™ designates the third full week of May as “Mailbox Improvement Week” to encourage customers on city motorized, rural, or contract delivery service routes (formerly highway contract box delivery routes) to examine and, where necessary, improve the appearance of their mailboxes. Neat, attractive mailboxes make a significant contribution to the appearance of the countryside and streets in suburban areas. Mailbox Improvement Week calls attention to the need for providing mailboxes that are:

1. Approved by the Postmaster General®.
2. Fully operational.
3. Designed to protect the mail from weather.
4. Safe to use.
5. Conveniently located.
6. Neat in appearance.
7. Large enough within allowable size limits to support the customer’s daily mail and package volume (see about.usps.com/what-we-are-doing/current-initiatives/delivery-growth-management/welcome.htm).

Mailboxes designed to meet these seven important requirements help delivery and collection operations while improving service to the entire route. There are two main design groups of curbside mailboxes:

1. Non-locked designs (full or limited service):
 - a. Traditional design (see Exhibit A1, page 4).
 - b. Traditional design — wide; USPS® preferred (see Exhibit A2, page 4).
 - c. Contemporary design (see Exhibit B, page 4).
2. Locked designs (full or limited service):
 - a. Mail slot design.
 - b. Wide or large-capacity design; USPS preferred.

USPS-STD-7C governs the design and specifications of curbside mailboxes and includes provisions for improved product quality.

Notice 209

Postmasters must send Notice 209, *Mailbox Improvement Week*, to all rural and highway contract box delivery route customers the week before Mailbox Improvement Week as a reminder of the event. Postmasters may order

Notice 209 through the U.S. Postal Service® eBuy+ ordering system under the Material Distribution Center (MDC) eBuy+ catalog or the Touch-Tone Order Entry (TTOE) system.

The Postal Service Stock Number (PSN) is 7610-03-000-9145 and the Postal Service Identification Number (PSIN) is NOT209. If you already have a 10-digit access code for TTOE, please call 800-273-1509 to place your order. If you do not have an access code, call 800-332-0317 to register for TTOE.

City Motorized, Rural, and Contract Delivery Service Routes

Customers must only use approved traditional, contemporary, or locked full/limited service curbside mailboxes for new installations or replacements. When new delivery is established or extended, postmasters must ensure that customers use delivery equipment that the Postmaster General has approved. However, a customer may use a custom-built *curbside mailbox* if the local postmaster approves and the mailbox conforms generally to the same requirements as approved manufactured curbside mailboxes (i.e., relative to the flag, size, strength, and quality of construction).

Postmasters *do not have the authority* to approve mailbox systems, such as USPS-STD-4C wall-mounted units or cluster box units (CBUs), that the Postmaster General has not approved through the USPS approval process.

Carriers on motorized city routes may continue to serve mailboxes that are designed primarily for use by customers receiving door delivery that have been erected and served under previous regulations (see Exhibit C, page 4). However, carriers must advise customers that they may only use approved curbside mailboxes when replacing these types of mailboxes. A list of approved curbside mailbox manufacturers appears on pages [8-14](#).

Exhibit B, Contemporary Design

Exhibit C, Door Delivery

For motorized city routes and where the use of street names and house numbers is authorized on rural and contract delivery service routes, the mailbox must display the number on the side of single mailboxes or on the door of grouped mailboxes. If the mailbox is on a street other than the one on which the customer resides, the street name and house number must be on the mailbox. When rural and contract delivery service route customers have assigned box numbers, the numbers must appear on the side of single mailboxes or on the doors of grouped mailboxes, visible to the approaching carrier. The street number, box number, and any other address information must be inscribed in contrasting color in neat letters and numerals not less than 1 inch in height. In all instances, placing the owner's name on the box is optional, but not recommended by the Postal Service.

The Postal Service encourages but does not require motorized city, rural, and contract delivery service route customers to group mailboxes whenever practical, especially where many mailboxes are located at or near crossroads, service turnouts, or similar locations. Customers must also paint mailboxes and supports/posts and keep them rust-free. The Postal Service prohibits advertising on mailboxes and mailbox supports.

In areas where snow removal is a problem, the Postal Service suggests using a semi-arch or extended arm-type support (see Exhibit D), which allows snowplows to sweep near or under mailboxes without damaging supports and provides easy access to the mailboxes by carriers and customers.

Generally, customers must install mailboxes at a height of 41–45 inches from the road surface to the bottom of the mailbox or point of mail entry. Also, customers must set mailboxes back 6–8 inches from the front face of the curb or road edge to the mailbox door. However, because of varying road and curb conditions and other factors, the Postal Service recommends that customers contact their local Post Office[®] before erecting or replacing mailboxes and supports.

Exhibit D, Extended Design

Location

Customers must place mailboxes on motorized city, rural, and contract delivery service routes so a carrier can safely and conveniently serve them without leaving his or her vehicle. The mailboxes must be on the right-hand side of the road in the carrier's travel direction in all cases where traffic conditions make it dangerous for the carrier to drive to the left to reach the mailboxes, or where doing so would constitute a violation of traffic laws and regulations. *Postal Operations Manual (POM) 632.6* specifies postal regulations regarding mailbox locations for apartment houses and other multiple-unit dwellings.

On new rural and contract delivery service routes, all mailboxes must be on the right-hand side of the road in the direction of the route line. Mailbox placement must conform to state laws and highway regulations. City motorized, rural, and contract delivery service route carriers are subject to the same traffic laws and regulations as other motorists. Customers must remove obstructions, including vehicles, trash cans, and snow, that might impede safe and efficient delivery. Except when a mailbox is temporarily blocked, carriers must have access to the mailbox without leaving the vehicle, unless authorized to dismount.

For new developments, builders and USPS officials discuss the location of centralized delivery equipment during planning and before the start of construction, whenever possible. Centralized delivery is the Postal Service's preferred mode of delivery for all new addresses. Discussing equipment locations early in the process allows builders and USPS officials to determine the safest, most efficient equipment locations. By co-locating boxes, USPS and the building industry realize the best return on the investments of centralized delivery.

Factors to consider when determining locations for centralized delivery equipment include the following:

- Co-locating delivery equipment.
- Carriers' line of travel.
- Customer and carrier safety.
- Customer accessibility (sufficient turnaround space or access for customers with mobility disabilities from nearest public right-of-way).
- Equipment security.

Mailbox Supports

The Postal Service does not regulate mailbox supports in any way except for purposes of carrier safety and delivery efficiency. Customers own and control posts and other supports for curbside mailboxes; they are responsible for ensuring that posts are neat and adequate in strength and size. Heavy metal posts, concrete posts, and miscellaneous items of farm equipment, such as milk cans filled with concrete, are examples of potentially dangerous supports. The ideal support is an assembly that bends or falls away when struck by a vehicle. Post or support designs may not represent effigies or caricatures that disparage or ridicule any person. Customers may attach the box to a fixed or movable arm. POM 632.5 specifies postal regulations for construction and placement of mailboxes and supports on motorized city, rural, and contract delivery service routes.

The Federal Highway Administration (FHWA) has determined that wooden mailbox supports no larger than 4-by-4-inches, or a 2-inch diameter standard steel or aluminum pipe, buried no more than 24 inches, should safely break away if struck by a vehicle. According to FHWA, customers must also securely attach the mailbox to its post to prevent separation, if struck.

Choose the Right Size and Make Your Mailbox Green

When selecting a curbside mail receptacle, customers may want to consider:

- A mail receptacle that can hold small packages, protect them from inclement weather, and offer a safe haven for packages that the carrier might otherwise leave on your doorstep.
- A mail receptacle that can hold larger packages so carriers can pick up outgoing packages through the USPS free Carrier Pickup™ program. Avoiding a trip to the Post Office saves fuel and time, and helps the environment.

Greener Mailboxes Lead to Greener Neighborhoods

When mailboxes are appropriately constructed, installed, and in good physical condition, the Postal Service delivers the mail safely and efficiently. Customers avoid a trip to the Post Office, which saves fuel and reduces carbon emissions.

However, the greenest forms of mail delivery are centralized mail delivery systems that are located in neighborhoods serving multiple residents from a single location.

Sometimes referred to as a “cluster box unit” or “community mailboxes,” these neighborhood mailbox centers offer the greatest amount of fuel savings and carbon emission reductions because carriers can deliver mail to multiple customers during a single stop with less truck idle time. Increasing the use of centralized delivery for new and existing customers helps the Postal Service create “greener” neighborhoods across the country.

In addition to fostering a sense of community, centralized delivery provides the added benefit of security for mail and package delivery, as well as outgoing mail collection.

Curbside Mailboxes Approved by the Postmaster General

USPS-STD-7C (Supersedes all previously published lists of approved manufacturers)

USPS-approved curbside mailboxes are required to have both “Approved by the Postmaster General” and “U.S. Mail” on the front of the mailbox. An exception to this is a curbside mailbox built by the customer for their own use. Carriers and postmasters should follow the guidelines in POM 632.53, “Nonconforming Mailboxes,” to notify customers if their mailbox does not meet postal regulations.

Cluster Box Units and All-Weather Parcel Lockers

During Mailbox Improvement Week, postmasters and managers or their designees must review all CBUs, neighborhood delivery and collection box units (NDCBUs), and outdoor parcel lockers (OPLs) in their delivery areas to

identify any hazards or irregularities, and record the results of the review.

For both physical security and operational improvement, the Postal Service has not allowed NDCBUs for use in new delivery or as replacement units for existing NDCBUs since 1999, even when privately purchased. Postal Service officials will not install Arrow locks in new NDCBUs or initiate delivery to NDCBUs installed as replacements. For new delivery or replacement units to single family home and townhome housing developments, cluster box units (CBUs) must be installed.

Finally, due to their inadequate physical security, their operational inadequacy, their typical years of service (from over 20 years to well over 40 years) and the resulting general decline of their typical condition, NDCBUs are no longer supported for any continued centralized mail delivery service in the field. All reasonable efforts must be made to identify all NDCBUs still in service and to get them all replaced in the field as quickly as possible. Provisions, both internal and external, must be used to the greatest extent possible to make this happen for the overall benefit of both the USPS and its centralized customers still using these out-of-date boxes.

Note: USPS-STD-4C mailboxes are not approved for any USPS mail delivery as either stand-alone pedestal-mount units or cabinet-mount units. This is especially true as centralized delivery mailboxes for single family and townhome developments where CBUs are the only approved outdoor, pedestal-mount centralized mailbox option. STD-4C units are intended solely for multi-family housing developments or certain business mode delivery scenarios. They are not to be installed where CBUs are the only approved mailbox option.

After completing the reviews, keep a copy in the local office and send consolidated copies to the designated growth coordinator for each district. Use PS Form 8143, *Equipment Checklist and Followup Review*, for conducting and recording the reviews. PS Form 8143 is available in this *Postal Bulletin* (see Exhibit G on page 16). PS Form 8143 is also available on the PolicyNet website at blue.usps.gov/formmgmt/forms.htm. Employees who conduct the reviews must complete PS Form 1624, *Delivery/Collection Equipment Work Request*, for any equipment that poses a safety hazard to Postal Service customers or employees. You can order PS Form 1624 from the MDC using TTOE (see page 3 for MDC ordering instructions). Use the following information to order PS Form 1624:

Apartment House Mail Receptacles — Horizontal and Vertical

The Postal Service has revised USPS-STD-4B. The new standard is USPS-STD-4C. Due to the revision, there are now security-enhanced versions of both the horizontal and vertical box, which can be used to replace existing STD-4B equipment. These enhanced versions are referred to as

“USPS-STD-4B+” boxes and are designed to fit cleanly into buildings with old USPS-STD-4B boxes.

The Postal Service approves USPS-STD-4B+ boxes for mail delivery for existing indoor installations or existing protected outdoor locations. However, the Postal Service does not approve the purchase of this equipment for new installations and will not install Arrow locks in any such equipment. You may only order *replacement* parts for previously installed Postal Service-owned equipment.

Equipment Review Procedure

Employees must use the CBU and parcel locker equipment checklist and follow-up review procedure when examining the condition of CBUs, NDCBUs, and OPLs. You must:

1. List the unit's 5-digit, USPS-marked postal ID number. This is usually visible on the front or side of the body or pedestal. If a postal ID number is not available, list the unit location, equipment type, and manufacturer in the left-hand column. If you are able to access the

back of the unit, list the unit's vendor-supplied serial number. You *must* distinguish the type listed as an NDCBU or CBU.

2. Assign each checklist item one of the following ratings:
 - a. OK — Equipment does not need attention for this item.
 - b. X — Equipment needs attention for this item.
 - c. NA — Item does not apply to this particular piece of equipment.
3. When examining the equipment, use the instructions below to complete PS Form 8143:
 - a. Check equipment. All delivery and collection equipment must be straight, vertical, and firmly mounted. For safety concerns, please ensure that customer compartments are facing away from the street or are oriented such that safe collection and delivery of the mail may occur. Visually verify that four bolts/nuts are firmly in place securing the pedestal to the concrete pad and to the delivery equipment. Apply hand pressure to the top edge of the unit from the front side. While the unit may flex under the load, verify that the pedestal stays firmly mounted to the concrete and that the unit does not separate from the pedestal.
 - b. For safety concerns, ensure that customer compartments are located such that customers do not have to stand in the street to access their mail or that letter carriers do not have to stand in the street to deliver mail. Consider all factors of equipment location including setbacks from streets that may allow customer compartments to face the road, but at such a distance so as not to affect the safe delivery and collection of mail.
 - c. Check visible welds. Take note of cracked, broken, or rusted welds. For NDCBUs and OPLs only, tap the pedestal with a lightweight hammer, especially along the seams, to check for corrosion from the inside out or perforated corrosion.
 - d. For CBUs and NDCBUs, observe whether the carrier access door is locked and secure. Open it and observe whether it is bowed or warped and whether the door and locking bar operate smoothly. With the carrier access door open, check whether restraining devices prevent the two master doors from blowing closed. These devices, which you may have to set manually, must be serviceable.
 - e. Ensure that the Arrow lock operates smoothly and easily and that the mounting hardware is tight. For NDCBUs, CBU parcel doors, and OPLs, the protective cover that shields the Arrow lock from customer tampering or theft must be serviceable and firmly attached.

- f. For OPLs, secure the cover that protects the Arrow lock from theft with the proper quantity of tamper-resistant screws.
 - g. Ensure that all customer access doors are present, closed, and locked with no visible damage or signs of forced entry. Check that customer door numbers are legible.
 - h. Ensure that the exterior surface of the unit is free from rust and graffiti.
 - i. Examine the unit for defects or damage and whether it reflects a proper Postal Service image.
 - j. Check whether the unit and any protecting structure appears watertight and in good repair. Look for any noticeable watermarks inside the unit or any wet mail.
 - k. Note any other conditions that require attention. Also, look for signs of vandalism such as pry marks on doors and locks.
4. Record the results of the inspection on the checklist.
 5. Submit the completed PS Form 1624 for each unit reviewed to the maintenance office responsible for centralized delivery equipment installation or repair in the area.

Carriers must note equipment deficiencies and report them to the postmaster, supervisor, or designee. The postmaster, supervisor, or designee must then submit PS Form 1624 to report the equipment defects. In addition, carriers must complete PS Form 1767, *Report of Hazard, Unsafe Condition, or Practice*, for items that pose an immediate threat to safety, such as an improperly secured or leaning NDCBU/CBU. You can order PS Form 1767 from the MDC by using TTOE (see page 3). Use the following information to order PS Form 1767:

PSIN:	PS1767
PSN:	7530-01-000-9422
Unit of Issue:	SE
Quick Pick Number:	141
Bulk Pack Quantity:	1000
Minimum Order:	25
Price:	\$0.0695

The postmaster or supervisor must immediately notify (by telephone) the office responsible for repair of reported hazards. The postmaster or supervisor must follow up to ensure that the work is satisfactorily completed and documented. The office responsible for repair must use its local buying authority to accomplish the repairs.

In January 1999, the Postal Service announced that NDCBUs cannot be installed for delivery of mail beginning in FY 2000. As previously stated, the Postal Service does not grant waivers for this policy. Place all orders for CBUs and OPLs against the national contracts. Use eBuy+ to place all orders.

For graffiti on mailboxes, there is a new soy-based cleaner available through eBuy+ or the MDC identified as “Cleaner, Graffiti Remover, Collection Box.” To order, use PSN: 7930-13-000-4764; the cost is \$17.41 per 22 oz. bottle.

This product successfully removes graffiti from collection boxes. While most effective on the most current collection boxes, this cleaner may still prove effective with any legacy equipment that has a good quality paint coating. For older collection boxes, test the product in an inconspicuous spot to ensure it does not damage the current paint coating.

For eBuy+ ordering instructions, go to the Postal Service intranet at blue.usps.gov. In the left-hand column under “Essential Links,” click *eBuyPlus*. You may also call 800-USPS-HELP for additional help.

State and Local Regulations

Some states have enacted laws that are more stringent and specific about the type of mailbox customers may use, the post or support costumer must use to mount the mailbox, and the location of the delivery equipment. Regulations and recommendations published in this notice might not reflect appropriate requirements for your area. When providing guidance to the public concerning mailbox placement and replacement, advise them not only of Postal Service regulations but also of any mailbox regulations enacted by state or local authorities. Publicity

Postmasters must give these guidelines maximum local publicity. Consult your area Corporate Communications representative for assistance in publicizing Mailbox Improvement Week. The news release on page 17 can help postmasters promote Mailbox Improvement Week to daily or weekly newspapers or broadcast stations in their delivery area. Postmasters may also find it helpful to alert the media to locations of particularly interesting mailboxes in their delivery area.

Responsibility

Motorized city, rural, and contract delivery service route carriers must cooperate to ensure the success of this endeavor, and later report the results to the postmaster. In addition, postmasters must use the most up-to-date list of manufacturers and mailbox suppliers when providing motorized city, rural, and contract delivery service route customers with information about the type of box to install.

Mailbox Improvement Week Arrives in Time for Spring Cleaning

The U.S. Postal Service is asking all **[city name]** homeowners to inspect and repair their mailboxes during Mailbox Improvement Week, May 19–25, says Postmaster **[full name]**.

“Repairing suburban and rural mailboxes improves the appearance of our community and makes delivering and receiving mail safer for our carriers and customers,” **[last name]** says.

The Postal Service makes this annual request because of the wear and tear that occurs to mailboxes every year. “This is especially important after the effects of last winter,” **[full name]** adds **[if applicable]**.

Some of the typical activities homeowners may need to do include:

- Replacing loose hinges on a mailbox door.
- Repainting a mailbox that may have rusted or has started to peel.
- Remounting a loosened mailbox post.
- Replacing or adding house numbers.

“If a homeowner plans to install a new mailbox or replace a worn one, this person must use only Postal Service–approved traditional, contemporary or locking full/limited service mailboxes,” said **[last name]**. “Customers must be careful when purchasing curbside mail receptacles because the use of unapproved boxes is prohibited. Customers may use a custom-built mailbox, but they must consult with my office to ensure it conforms to guidelines applying to flag, size, strength and quality of construction.”

For more information on the use of names or numbers on mailboxes, or answers to any other questions, contact **[full name]** at **[phone number]** or call your local postmaster at **[phone number]**.

DMM Revision: Value-Added Refunds

Effective July 14, 2024, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, section 604.9.4.10, to reflect a change in Postal Service requirements regarding who must complete and sign a PS Form 8096, *Request to Pay Postage Refunds to Presenter of Mail*, when it is required for a value-added refund (VAR).

Currently, DMM 604.9.4.10 states that when a PS Form 8096 is required for a VAR, each of the presenter’s customers whose metered mailpieces are eligible for the customer to receive a VAR must complete and sign a PS Form 8096. The Postal Service is revising section 604.9.4.10 to add the option that a presenter may complete and sign a PS Form 8096 on behalf of each customer whose metered mailpieces are eligible for the customer to receive a VAR.

Although the Postal Service will not publish this revision in the DMM until July 14, 2024, this standard is effective immediately.

Handbook F-15 Revision: International Travel Policy

Effective March 29, 2024, the Postal Service revised Handbook F-15, *Travel and Relocation*, to update the International Travel policy. This update establishes new policy instruction and revises references to International Travel policy in the following sections:

- 2-1 8(b), Your Responsibilities as a Traveler.
- 2-2.1.6.2, To Other Countries.
- 4-1.3.1, What's Required.
- 4-1.3.2, How to Submit Your Request.
- 4-1.3.3, To Attend an International Conference, Congress, or Meeting of an Postal Organization.
- 7-3.2.2(d), According to Whether Meals are Provided.
- 8-1.10.2, For International Travel.
- Chapter 10, Getting Reimbursed and Repaying Advances – Reminder.

Purpose

The International Travel section provides policy for all U.S. Postal Service® (USPS®) and U.S. Postal Inspection Service (USPIS) personnel who travel internationally while conducting official Postal Service™ business. Office of Inspector General (OIG) personnel should follow the policies and guidelines set forth for them regarding international travel.

Audience

The International Travel section is intended for both travelers and approving officials of USPS, USPIS, and OIG. It is directed toward all personnel for official business travel requests and reporting requirements for personnel who hold a national security clearance and/or work in a designated sensitive position. Personnel holding a security clearance must follow Security Executive Agent Directive (SEAD-3) reporting requirements.

Travelers and Approving Officials

When traveling abroad on official business, you represent the USPS and the U.S. Government. You are expected to perform your duties in a professional manner and with the same care and prudence as if you were traveling at your own expense. Specifically, you must do all of the following:

Travelers on Official International Travel

1. Complete mandatory international travel trainings and security briefing(s) as designated by the U.S. Department of State (DOS) and USPS.
2. Upload the applicable certificate(s) to your International Travel Authorization Program (ITAP) profile prior to requesting Official International Travel (OIT).

3. Request “OIT” in the ITAP system (itap.uspis.gov/itap-welcome).
4. Submit your OIT request at least 21 business days prior to planned departure.
5. Request an international virtual private network (VPN) and international phone service using guidance from ITAP during the request process of International Travel.
6. When returning from International Travel, you must do the following:
 - a. USPS personnel must immediately return your official passport to International Postal Affairs (IPA).
 - b. Immediately return burner devices, if applicable, to the Chief Information Security Officer (CISO) Digital Forensic & Incident Response Team (DIFIR) group, using the guidance provided upon receipt of devices. Remember to log out of your iCloud account.
 - c. Within five (5) business days of completing travel, complete the National Security Post-Travel Questionnaire in ITAP to report any travel information as required by SEAD-3. This is required of employees with a national security clearance who have requested OIT, as well as those reporting UFT.

Approving Officials for International Travel

The approving officials for the USPS and USPIS must utilize the ITAP application to review and approve OIT requests. ITAP will service travel requests and reporting requirements for personnel who hold a national security clearance and/or work in a designated sensitive position.

Approving Officials

- USPS Officer Travel — The Postmaster General (PMG) or designee.
- USPS Non-Officer Travel — The Deputy Postmaster General/Chief Human Resource Officer (DPMG/CHRO) or designee.
- USPIS Personnel — The Chief Postal Inspector (CPI) or designee.

Passports For Official International Travel

An official U.S. Passport is required for all employees traveling internationally on official business for the Postal Service. This is required by both the Postal Service and the U.S. Department of State (DOS). To obtain an official passport (new/renewal), or a visa for OIT, contact your respective International Travel Office. International Postal Affairs (IPA) is responsible for obtaining passports for USPS

and Global Security is responsible for obtaining passports for USPS employees. An official passport (maroon cover) is different from the tourist/personal U.S. Passport (navy blue cover) and has different guidance for its use. Since the processing time to obtain an official passport may be between eight (8) and twelve (12) weeks, or occasionally longer, it should be requested as soon as practical.

Contractors may be authorized to travel internationally, using their personal passport.

Transportation

Transportation includes all official travel by air, surface, or water and any other expenses related to that travel.

Fly America Act

USPS complies with the Fly America Act, which mandates all international air travel (and cargo transportation) funded by the U.S. Government be provided by U.S. flag air carrier service, regardless of cost, convenience, or personal travel preferences. U.S. flag air carrier service is service provided by an American-owned air carrier, as well as service provided under a code share agreement with a foreign air carrier in accordance with Title 14, Code of Federal Regulations (CFR), when the ticket, or documentation for an electronic ticket, identifies the U.S. flag air carrier's designator code and flight number.

There are some circumstances when it is not reasonable to use U.S. flag air carrier service, and you may request an exception at least 2 weeks prior to your departure provided that the selection of foreign air carrier service is a necessity, and it is in the best interest of the Postal Service. An Officer of USPS may authorize a Fly America Act certification or waiver, which is to be attached to the traveler's expense report in the receipts section, for a traveling employee if one of the following exceptions apply:

1. When use of foreign air carrier service is a matter of necessity because of (one of the reasons below – “a” or “b” – must apply):
 - a. U.S. flag air carrier service cannot provide the air transportation needed for the entire trip or a segment of the trip:
 - i. Use of foreign air carrier is necessary for medical reasons.
 - ii. Use of foreign air carrier is required to avoid unreasonable risk to traveler's safety (see 41 CFR 301-10.138(b)(2) for supporting evidence needed).
 - iii. Seat on U.S. air carrier in authorized class of service is unavailable, seat on foreign air carrier in authorized class of service is available; or
 - iv. Other justification.
 - b. Use of U.S. flag air carrier will not accomplish the Postal Service's mission.

2. When a U.S. flag air carrier involuntarily reroutes traveler on a foreign air carrier.
3. When air travel is between the U.S. and another country, and use of a U.S. flag carrier on a nonstop flight extends travel time by 24 hours or more.
4. When a U.S. flag carrier does not offer a nonstop or direct flight between origin and destination, and using a U.S. carrier:
 - a. Increases the number of aircraft changes outside the U.S. by 2 or more; or
 - b. Extends travel time by 6 hours or more; or
 - c. Requires a connecting time of 4 hours or more at an overseas interchange point.
5. When the flight time from origin to destination is less than 3 hours and using a U.S. flag carrier doubles en route flight time.
6. When there is an applicable “Open Skies Agreement” in effect that meets the requirements of the Fly America Act.

Open Skies Agreements are bilateral or multilateral agreements between the U.S. Government and the governments of foreign countries that allow travelers to use foreign air carriers from these countries for government-funded international travel. For additional information and to review the current Open Skies Agreement country list, please see the General Services Administration website at gsa.gov.

If you are authorized by the Postal Service to use U.S. flag air carrier service for your entire trip, and you improperly use a foreign air carrier for any part of or the entire trip (i.e., when not permitted under 41 CFR Part 301-10 Subpart B – Use of United States Flag Air Carriers), your transportation cost on the foreign air carrier will not be payable by the Postal Service.

International Travelers' Responsibilities

Creating a Travel Itinerary

The Postal Service contracts with a dedicated Travel Management Company (TMC) to handle various travel services, including reservations and ticketing for official business trips. It is mandatory to use this dedicated TMC for all transportation and lodging needs.

When making international travel arrangements, USPS personnel may be required to furnish the approved ITAP Official International Travel Authorization Letter to the dedicated travel agency upon request.

When on official travel, you may fly business class only if the duration of your flight, including layovers to change planes, exceeds 10 hours. The following restrictions also apply:

- a. The point of departure and return must be your regular duty station.

- b. The flight must utilize the most direct route possible to your destination.
- c. The flight may not be combined with a domestic trip.
- d. Your approving official must approve of your travel itinerary.
- e. To obtain the business class accommodations, you must contact the dedicated TMC directly.

Other seat type upgrades are allowed regardless of the duration of the flight. Travelers may request a seat upgrade (up to \$125 per leg of trip) by visiting the airline's website/mobile app, ticket counter, or self-service kiosk at the airport prior to their flight. These seat upgrades cannot be processed through the TMC's booking tool or by contacting the dedicated TMC. These upgrades should be charged to the traveler's government-issued travel card. Charges appear in eTravel as a separate airfare expense and travelers must change the expense type to Seat Upgrade when filing an expense report.

Claiming Expenses for Official International Travel

If you travel to a foreign country for the Postal Service, you must complete all the following steps:

1. Claim your expenses by item in eTravel.
 - a. When charges are populated/assigned to an expense report from the Card Transactions page in eTravel, they are displayed in United States Dollars (USD). A Foreign Currency Exchange Rate Helper appears on the right side of the screen to show you the foreign currency conversion when you click in the "Amount in USD" field.
 - b. If charges are not populated from the Card Transactions, the traveler must enter the type of currency, foreign currency amount, and enter the exchange rate. The Foreign Currency Exchange Rate Helper also appears to assist with manually created expenses.
 - i. In such cases, you must attach a copy of the currency exchange conversion to your expense report.
 - ii. Currency exchange rates can be found at fiscaldata.treasury.gov/currency-exchange-rates-converter.
2. Ensure you have attached all required receipts, including receipts for currency exchange, showing the commission(s) charged and currency exchange conversion rates (matching the dates of your transactions).
3. Attach a copy of your ITAP Official International Travel Authorization Letter to your completed expense report.

Reimbursable Expenses

If you are traveling to another country, the Postal Service may reimburse you for certain expenses. Some examples include:

- a. Fees for passports and visas along with the cost of photographs for passports and visas.
- b. Costs for obtaining certificates of birth, health, and identity, and charges for affidavits.
- c. Charges for inoculations that you cannot obtain through a federal dispensary.
- d. Automated Teller Machine (ATM) user fees and bank fees for cash advances. The use of a government issued travel card at an ATM is only authorized while on International Travel.
- e. Commissions charged to convert currency in foreign countries. Be sure to get a receipt that shows the commission charged.
- f. Exchange fees for cashing U.S. Government checks or drafts issued to reimburse you for travel expenses in foreign countries. **Important:** Exchange fees for cashing salary checks or drafts are not allowed in travel accounts.
- g. The cost of additional vehicle insurance, such as collision damage waiver insurance, that is required for renting a vehicle in a foreign country.
- h. The loss incurred when converting foreign currency back to U.S. dollars when returning to your permanent duty station.

Per Diem

International Destination

When traveling to another country, you will be reimbursed for your daily expenses according to the per diem rate determined by the U.S. Department of State (DOS) for the specific location(s) you are visiting. These rates are updated monthly by the DOS.

To calculate your per diem, the eTravel system will consider the temporary duty location and the number and type of meals (provided at no cost to the traveler) to be deducted. To claim standard per diem, you do not need to provide receipts or an itemized list of expenses.

Special Circumstances

Deviations

Any travel deviations, even those bearing no additional costs, should be approved in advance of an employee's travel plans. To ensure travel is properly coordinated, unplanned deviations in connection with travel itineraries that are already approved are discouraged.

Missing, Lost, or Stolen Canadian Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

Provide this listing to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy all interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial

numbers consist of the first 9 digits. The tenth digit is a check digit only.

Do not cash outdated money orders **104 151 601 to 692 600 000**. Advise holders to send invalid money orders to Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under “Changes” appear in bold in the following APO/FPO/DPO table:

Freely Associated States Restrictions

We list the mailing restrictions for Freely Associated States (FAS) in the Pull-Out section of the *Postal Bulletin*. All FAS Restrictions will be updated periodically.

Freely Associated States

Mail addressed to freely associated states is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The following FAS Restrictions table outlines these conditions as listed by each affected FAS ZIP Code™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) following the table). For more information on available extra services for FAS destinations, see *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, part 503.

Acceptance clerks must use the table with the Retail System Software terminal to determine which FAS ZIP Codes are active and which conditions of mailing apply.

Handbook F-15 Revision: International Travel Policy (continued)

If an employee on approved Official International Travel (OIT) also engages in Unofficial Foreign Travel (UFT) during their travel, they must use their tourist/personal U.S. Passport (navy blue cover) for the segments of any part of their travel that are not deemed as approved OIT. Employees are prohibited from using their Official U.S. Passport (maroon) for any segment of UFT.

A traveler who engages in UFT is personally responsible for identifying and complying with any visa requirements that may exist for the country of destination they will visit. Specific guidance for this is accessible via the U.S. Department of State's public-facing website.

If a traveler holds a national security clearance or works in a designated sensitive position, and engages in UFT in conjunction with OIT, they are required to submit their travel request at least 30 days prior to departure on approved OIT.

If a traveler who holds a national security clearance and/or works in a designated sensitive position deviates from their approved OIT, whether due to planned or unplanned UFT or crossing the border into another country unexpectedly, they must report it to the Postal Service as well as the USFIS. This applies regardless of duration of time spent in the deviation location.

In such situations involving unplanned UFT or the unexpected crossing of a border into another country, the traveler should immediately notify their direct supervisor or next level supervisor(s), and security control officer(s) within U.S. Postal Inspection Service — National Security to ensure there will be no issues with departing and/or re-entering the host country. A traveler with a national security clearance or those working in a designated sensitive position must also formally report the full scope of their international travel itinerary within five (5) business days after completing such a deviation by submitting a post-travel questionnaire to USFIS within the International Travel Authorization Program (ITAP) system.

Travel for Civil Defense

If your travel is for civil defense purposes, you must do all of the following:

1. If you are claiming mileage, show on your expense report the time you departed and the time you returned.
2. On the required statement of allowable subsistence, show whether the government furnished accommodations.
 - a. Write the following statement: *The official travel performed on the above dates was in connection with civil defense and the points visited may not be disclosed.*

Be sure to submit your expense reports for civil defense tests or exercises when you complete the travel.

Death of Personnel while on OIT

If Postal Service personnel should die while traveling on OIT, the employee notified of the death must contact the nearest U.S. Embassy emergency telephone line in addition to notifying the appropriate Vice President (or Chief Postal Inspector [CPI] for USFIS), or Postal Service installation manager. It is also necessary to inform International Postal Affairs (IPA).

The U.S. Department of State's Chief of Mission holds the responsibility for all U.S. Government employees in the respective country, including USPS personnel on OIT.

How Expenses are Paid in the Event of Death while on OIT

The employing office prepares PS Form 1012 and submits it for payment to the St. Louis ASC Satellite Office in San Mateo, CA. If the family or a legal representative has paid the cost of preparing and transporting the body and personal effects, they are reimbursed when they submit paid receipts. The paying office attaches the receipts to PS Form 1012.

Other Emergencies during OIT

If Postal Service personnel are on OIT and encounter an urgent situation, such as an arrest or civil unrest, they are advised to immediately contact the nearest U.S. Embassy and/or U.S. Consulate's emergency telephone line for assistance. Whenever possible, personnel should also provide a follow-up notification to the Vice President (or CPI as applicable for USFIS) and International Postal Affairs (IPA).

Under authority of the Chief of Mission, who is the U.S. Ambassador for the respective host country, the DOS will coordinate the evacuation of U.S. Government employees including those from the Postal Service.

Reviewing and Approving Expense Reports

All eTravel expense reports must be electronically submitted to the specified approving official. An approving official — or "approver" — is designated for each traveler. The approver has access to eTravel through a personal logon ID and password. The appropriate approving official reviews the electronic expense report. Electronic approval and submission of eTravel expense report to the designated back office signifies the following:

1. The approving official has verified that the transportation and expenses comply with postal policy.
2. The approving official has certified that the transportation and expenses are the most advantageous to the Postal Service.

3. The approving official has verified that all “flags” within a report are explained, and any “remarks” entered by the traveler are accurate.

When an approving official receives an eTravel expense report, they must fulfill the following:

1. Ensure that all charges claimed in the report are reasonable, taking into consideration the specific area where the expenses were incurred.
2. If necessary, the approving official has the option to send the report back to the traveler for further clarification or correction regarding the claimed expenses. It’s important to note that the approver does not have the ability to modify the report themselves.
3. The approving official must verify that the ITAP Official International Travel Authorization Letter is attached to the expense report.
4. Once all necessary checks have been completed, the approving official is required to electronically approve the expense report. This action signifies that the

expenses claimed are valid. The electronic approval sends the expense report to Back Office Processing to audit and process payment.

The Back Office Processing team at the St. Louis Accounting Service Center (ASC) is responsible for conducting audits on all International Travel expense reports. Additionally, they handle the processing of these expense reports for payment. If any items on the expense report are found to be inaccurate or missing information, the expense will not be paid, and the traveler will be required to make necessary adjustments.

Publication 52 Revision: Sharps and Regulated Medical Waste

Effective May 2, 2024, the Postal Service™ is revising Publication 52, *Hazardous, Restricted, and Perishable Mail* (Pub 52), subchapter 34, to reflect a change in Postal Service mail-product requirements regarding shipping mailable sharps medical waste and regulated medical waste.

The change requires customers to use USPS Ground Advantage® USPS Returns® Service instead of Priority Mail® USPS Returns Service when shipping mailable sharps medical waste and regulated medical waste via the Postal Service. The Postal Service will also revise Appendix C in Pub 52 to reflect this change.

Although the Postal Service will not publish these revisions in Pub 52 until later, the standards are effective immediately.

USPS Expands Partnership with How2Recycle

The United States Postal Service® (USPS®) is in its fifth year of partnership with How2Recycle®. This consumer-oriented package labeling system uses Federal Trade Commission guidance to encourage more customers to recycle Priority Mail® boxes and other packaging products.

USPS has made great strides in identifying products that can include a How2Recycle label. As our organization depletes existing inventory and produces new stock, How2Recycle labels are now prominently featured on more of these items.

How2Recycle labels provide customers with precise instructions that make recycling easier, such as how to prepare for recycling, the type of recyclable material

(e.g., plastic or paper), and the packaging format (e.g., bottles and boxes). Cereal boxes, soup cans, and other pantry items often carry How2Recycle guidance.

In addition to Priority Mail, Priority Mail Express®, and ReadyPost® packaging, USPS has expanded How2Recycle guidance to postcards, posters, and other types of printed paper products. USPS is proud to work with How2Recycle to promote a more sustainable organization, while providing easier recycling instructions to our customers.

Arthritis Awareness Month

Arthritis is a general term for conditions that affect the joints, tissues around the joint, and other connective tissues.

There are more than 100 types of arthritis. Specific symptoms vary depending on the type of arthritis, but usually include joint pain and stiffness. Osteoarthritis is the most common form of arthritis and occurs most frequently in the hands, hips, and knees.

There are several risk factors that make it more likely for people to develop arthritis.

Obesity

Extra weight puts more stress on joints, particularly weight-bearing joints like the hips and knees. Try to maintain a healthy weight.

Infection

Many microbial agents, like bacteria and viruses, can infect joints and potentially cause the development of some types of arthritis. You should see your doctor right away if your joints are swollen, warm, or red. It might be an infection.

Joint Injuries

Joint injury or overuse, such as knee bending and repetitive stress can damage a joint and contribute to the development of osteoarthritis in that joint. You might be able to protect your joints from injuries by doing special exercises for those joints.

Smoking

Cigarette smoking increases a person's risk of developing rheumatoid arthritis (RA) and can make the disease worse. Smoking can also cause other medical problems and make it more difficult to stay physically active, which is an important part of managing RA and other types of arthritis. If you are ready to quit smoking, visit I'm Ready to Quit at cdc.gov/tobacco/campaign/tips/quit-smoking/index.html.

CyberSafe Training Course Due by July 18, 2024

It's time for United States Postal Service® (USPS®) employees to do their part to protect critical Postal Service™ data by completing the mandatory, annual CyberSafe training. The deadline for completing the CyberSafe training course is July 18, 2024.

Threats to digital information are growing in frequency and sophistication worldwide. Protecting USPS employees, customers, and supplier data from these threats is a priority for the Postal Service. Everyone has a role to play in protecting this data.

By taking the assigned CyberSafe training course this year, employees will learn how to protect critical USPS information from cyber threats.

The course, "CyberSafe Fundamentals," provides employees with the fundamental skills and knowledge needed to adhere to cybersecurity practices and policy for the protection of USPS electronic information. The training also provides best practices for handling sensitive and sensitive-enhanced information to keep USPS electronic data secure.

Employees can access the course through usps.csod.com/LMS/catalog/Welcome.aspx?tab_page_id=-67&tab_id=-1. Employees who do not meet the deadline are subject to limited ACE system access until the course is completed.

Visit the CyberSafe training page on blue.usps.gov/cyber/training.htm or contact CyberSafeComms@usps.gov for more information.

Don't Get Caught in a Social Engineering Scam

Social engineering is a technique used to effectively infiltrate an organization undetected by gaining the trust of those who work there.

To gain trust, cybercriminals may call or email an individual, impersonate a "real" business, and use technical, interpersonal, and psychological methods to acquire financial and personal information, such as login credentials, credit card numbers, bank account numbers, and social security numbers.

These types of social engineering attacks may only be the beginning phase of a much larger attack. A cybercriminal could trick a victim into sharing their employee username and password, then use that same login information to plant ransomware on their employer's network. Social engineering scams could put employees, contractors, and the network at risk.

According to IBM's *2023 Cost of a Data Breach* (ibm.com/downloads/cas/E3G5JMBP), the average cost of a social engineering attack is \$4.76 million.

Here is a list of best practices that can help avoid a social engineering attack:

- **Limit.** Be careful sharing information online about your family, job, or other personal details.
- **Verify.** If you receive a request for information, make sure the person or company is legitimate. Never send information if you have any doubts.
- **Report.** If you suspect you are being targeted on your USPS-issued device, immediately call the Cybersecurity Operations Center at 866-877-7247 or send an email to CyberSafe@USPS.gov.

Visit the CyberSafe at USPS® *Blue* (blue.usps.gov/cyber) and *LiteBlue* (liteblue.usps.gov/cyber) pages for more information, as well as the Monthly Awareness Campaigns page at blue.usps.gov/cyber/communications.htm.

Stamp Announcement 24-18: Carnival Nights Stamps

© 2023 USPS

On June 6, 2024, in Biloxi, MS, the United States Postal Service® will issue the *Carnival Nights* stamps (Forever® priced at the First-Class Mail® rate) in 10 designs, in a pressure-sensitive adhesive (PSA) pane of 20 stamps (Item 485100). These stamps will go on sale nationwide June 6, 2024, and must not be sold or canceled before the first-day-of-issue. **The *Carnival Nights* commemorative pane of 20 stamps must not be split and the stamps must not be sold individually.**

Carnival Nights celebrates one of America's favorite pastimes. Ten new stamps in a pane of 20 feature photographs that convey the energy and color of a summer carnival at night. A panoply of rides, an amusement booth,

and fireworks are shown in vibrant neon hues against the black, night sky. Art director Greg Breeding designed the stamps with existing photographs.

Availability to Post Offices: Item 485100, *Carnival Nights* (Forever Priced at the First-Class Mail Rate) Pane of 20 Stamps

Stamp Fulfillment Services will make an automatic push distribution to Post Offices of a quantity to cover approximately 30 days of sales. Distribution quantities for the automatic push distribution are available by logging on to SFS Web at sfsweb.usps.gov/sfsweb. Post Offices may begin ordering stamps before the first-day-of-issue through SFS Web; offices must also check the amount they will receive on their automatic push distribution.

How to Order the First-Day-of-Issue Postmark

Customers have 120 days to obtain the first-day-of-issue postmark by mail. They may purchase new stamps at their local Post Office™ or at The Postal Store® website at store.usps.com/store/home. They must affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to:

FDI – Carnival Nights Stamps
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service™ will return the envelopes through the mail. There is no charge for the postmark up to a quantity of 50. There is a 5-cent charge for each additional postmark over 50. All orders must be postmarked by October 6, 2024.

How to Order First-Day Covers

The Postal Service also offers first-day covers for new stamp issues and Postal Service stationery items postmarked with the official first-day-of-issue cancellation. Each item has an individual catalog number and is offered in the *USA Philatelic* catalog and online at store.usps.com/store/home. Customers may register to receive a free *USA Philatelic* catalog online at usps.com/philatelic.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.

On June 11, 2024, in Corpus Christi, TX, the United States Postal Service® will issue the *Protect Sea Turtles* stamps (Forever® priced at the First-Class Mail® rate) in six designs, in a pressure-sensitive adhesive (PSA) pane of 18 stamps (Item 581300). These stamps will go on sale nationwide June 11, 2024, and must not be sold or canceled before the first-day-of-issue. **The *Protect Sea Turtles* commemorative pane of 18 stamps must not be split and the stamps must not be sold individually.**

The Postal Service™ celebrates the protection of sea turtles with six new stamps, featuring species dependent on U.S. coastal waters for foraging and migratory habitats during various stages of their lives. All six turtles are listed and protected under the Endangered Species Act. The stamps showcase photographs of a Kemp's ridley, a leatherback, an olive ridley, a green sea turtle, a loggerhead, and a hawksbill. The selvage features another hawksbill sea turtle. Art director Derry Noyes designed the pane using existing photographs.

Availability to Post Offices: Item 581300, *Protect Sea Turtles* (Forever Priced at the First-Class Mail Rate) Pane of 18 Stamps

Stamp Fulfillment Services will make an automatic push distribution to Post Offices of a quantity to cover approximately 30 days of sales. Distribution quantities for the automatic push distribution are available by logging on to SFS Web at sfsweb.usps.gov/sfsweb. Post Offices may begin ordering stamps before the first-day-of-issue through SFS Web; offices must also check the amount they will receive on their automatic push distribution.

How to Order the First-Day-of-Issue Postmark

Customers have 120 days to obtain the first-day-of-issue postmark by mail. They may purchase new stamps at their local Post Office® or at The Postal Store® website at store.usps.com/store/home. They must affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to:

FDOI – Protect Sea Turtles Stamps
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes through the mail. There is no charge for the postmark up to a quantity of 50. There is a 5-cent charge for each additional postmark over 50. All orders must be postmarked by October 11, 2024.

How to Order First-Day Covers

The Postal Service also offers first-day covers for new stamp issues and Postal Service stationery items postmarked with the official first-day-of-issue cancellation. Each item has an individual catalog number and is offered in the *USA Philatelic* catalog and online at store.usps.com/store/home. Customers may register to receive a free *USA Philatelic* catalog online at usps.com/philatelic.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.

Stamp Announcement 24-20: U.S. Flags Stamps

© 2023 USPS

On June 14, 2024, in Keystone, SD, the United States Postal Service® will issue the *U.S. Flags* stamps (Forever® priced at the First-Class Mail® rate) in four designs, in a pressure-sensitive adhesive (PSA) double-sided booklet of 20 stamps (Item 684900), a PSA coil of 100 stamps (Item 740800), a PSA coil of 3,000 stamps (Item 751800), and a PSA coil of 10,000 stamps (Item 762000). These stamps will go on sale nationwide June 14, 2024, and must not be sold or canceled before the first-day-of-issue.

With the 2024 *U.S. Flags* stamp issuance, the Postal Service™ continues its long tradition of honoring the American flag. Four stamps feature the flag majestically waving at different times of the day. While the shapes and colors of the clouds change, the sun is always shining on the flag. The flags, shown from a low-angle perspective, draw attention upward, toward the magic of the sky. Illustrator Laura Stutzman painted the designs using gouache on illustration board. Art director Ethel Kessler designed the stamps.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following pictorial postmark has been extended for 30 days:

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 844-737-7826, or on The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of

their postmarked items. Address customer requests for digital color postmarks to:

FDI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.
